Charitable foundation

Initially this organization was supposed to unite people who after living a long and successful life abroad were ready to come back to Ukraine, invest their money, time, experience and help make it one of the most successful countries. We still hope that it will, but after Russia started a full-scale war with us, we decided to use this foundation to help Ukrainian forces and civil people to protect our country and save our citizens.

You are reading this text right now and we are asking you to help us protect Ukraine and our people by donating to us. The money will be used to cover such things as healthcare, provision, logistics, and soldier protection.
